If the requirement is not met, HUD must make a finding of noncompliance. All other questions (questions that do not contain the citation for the requirement) do not address requirements, but are included to assist the reviewer in understanding the participant's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "finding."  Instructions: This Exhibit is designed to review the PJ's written agreement with a subrecipient for compliance with HOME regulatory requirements. Complete one Exhibit for each subrecipient agreement reviewed. Follow the sampling guidance in Section 7-4 of the introduction to this Chapter.
